Модульная линия мебели NEXT. Технические характеристики

TOTAL WHITE

BLACK WOOD

LOUNGE CLASS

DARK INDUSTRY

BLACK & WHITE

DEEP BLACK

BIO WOOD

BIKE BAR

This style blends sophistication, simplicity and elegance.

It fits perfectly into any kind of design scheme, combining attractively with vintage features in dark wood in classical interiors, or looking good in minimalist ambiances with metal and transparent fibre furnishings; the effect with fairly dark parquet floorings is especially fine.

Next Bar Concept Total White creates the right mood for any location.

TOTAL WHITE

La struttura portante dei banchi, delle vetrine e dei retro banchi Next, è realizzata in acciaio inox ed alluminio lucidato.

Le antine delle basi neutre possono essere in acciaio lucido o a richiesta in tinta con l'arredo.

Il piano di mescita del banco bar è in laminato antigraffio (*optional in Corian o pietra*) mentre i piani di lavoro sono in acciaio inox AISI 304.

The supporting structure of Next counters, showcases and back units is in stainless steel and polished aluminium.

The doors of non-refrigerated base units may be in glossy steel or, on request, coloured to match the design scheme.

The bar counter-top is in scratch-proof laminate (*optional in Corian or stone*) while the work tops are in AISI 304 stainless steel.

La structure portante des comptoirs, des vitrines et des arrières de comptoir Next est réalisée en acier inox et en aluminium poli.

Les portes des bases non réfrigérées peuvent être en acier brillant ou sur demande assorties au mobilier.

Le dessus du comptoir du bar est en stratifié anti-rayures (*en option en Corian ou pierre*) tandis que les plans de travail sont en acier inox AISI 304.

Die Struktur der Theken, Vitrinen und Rücktheken Next ist aus rostfreiem Stahl und poliertem Aluminium.

Die Türen der neutralen Theken sind aus poliertem Edelstahl, können auf Wunsch aber auch farblich auf die Einrichtung abgestimmt werden.

Die Schankplatte der Bartheke ist aus kratzfestem Laminat (*Optional Corian oder Stein*), die Arbeitsplatten sind aus Edelstahl AISI 304.

TOTAL WHITE

Le alzate del retro banco di **Next Bar Concept** possono essere di tipo diverso sia come struttura che come altezza o estetica. Piani in metacrilato illuminato o vetro temprato per qualsiasi esigenza estetica o di lavoro. Il frontale è in lamina antigraffio nella parte superiore mentre la “cover” inferiore è laccata o stampata nei colori disponibili. Le cornici sono in alluminio verniciato a polveri epossidiche disponibili in tre colori.

Les panneaux muraux de l'arrière de comptoir de **Next Bar Concept** peuvent présenter une structure, une hauteur ou une esthétique différente. Plans en méthacrylate éclairés ou en verre trempé pour toutes les exigences esthétiques ou de travail. La façade est en stratifié anti-rayures dans la partie supérieure tandis que la plinthe est laquée ou moulée dans les coloris disponibles. Les cadres sont en aluminium peint avec des poudre époxy disponibles dans trois coloris.

Next Bar Concept wall-mounted panels may vary in structure, height and finish. Illuminated methacrylate or tempered glass shelves for any stylistic or practical requirements. The top of the front panel is in scratch-proof laminate, with the lower cover lacquered or printed in the colours available. The surrounds are in epoxy powder coated aluminium, available in three colours.

Die Rücktheken-Aufbauten von **Next Bar Concept** sind hinsichtlich Struktur, Höhe und Optik in unterschiedlichen Ausführungen lieferbar. Platten aus beleuchtetem Methacrylat oder getempertem Glas erfüllen alle funktionalen und ästhetischen Ansprüche. Die Front ist oben aus kratzfestem Laminat, der Cover im unteren Bereich in den lieferbaren Farben lackiert oder bedruckt. Für die Rahmen aus epoxidpulverlackbeschichtetem Aluminium stehen drei Farben zur Auswahl.

Uno degli stili piu' graditi e in voga negli anni è il black & white.

L'abbinamento di bianco e nero è sinonimo di eleganza e nell'arredo bar rende l'ambiente chic e sofisticato.

Senza aver timore che questo stile sia eccessivamente freddo, basterà variare la tonalità dei colori, magari scegliendo un materiale caldo sulle pareti o pavimenti quale un bianco crema, oppure giocare sui colori degli oggetti o complementi scegliendoli in legno scuro o ebano per completare la parte black.

L'un des styles les plus prisés et en vogue au fil des ans est le black & white.

L'association du blanc et du noir est synonyme d'élégance et rend l'établissement chic et sophistiqué.

Pour que ce style ne soit pas trop froid, il suffit de changer la tonalité des couleurs, en choisissant par exemple un matériau chaud sur les murs ou les sols comme un blanc crème, ou en jouant sur les couleurs des objets ou des éléments, bois foncé ou ébène, pour compléter la partie black.

BLACK & **WHITE**

One of the most popular styles, never out of fashion over the years, is black & white.

The combination of black and white speaks of elegance and creates a chic, sophisticated bar ambience.

There is no need to worry that this style may be too cold in mood; it is enough just to vary the shade, perhaps with a warmer material such as a creamy white on the walls or floors, or use of colours for ornaments or accessories, which may be in dark wood or ebony to complete the black component.

Ein zeitlos schöner Stil, der sich stets großer Beliebtheit erfreut.

Die edle Kombination von Schwarz und Weiß ist von diskreter Eleganz und verleiht jedem Ambiente Chic und Stil.

Mit einem warmen Material oder einer warmen Farbe an den Wänden oder auf dem Boden, zum Beispiel einem zarten Creme, lässt sich der etwas kühl wirkende Kontrast ebenso abschwächen wie mit farbigen Accessoires oder Details aus dunklem Holz/ Ebenholz für den schwarzen Teil.

Next Black Wood coniuga l'eleganza del nero con il calore del legno.

Venature composte e simmetriche spezzate dal gioco di luce delle vetrine.

Avvolgente il nero del retro, spezzato dalla luce diffusa dei faretti che creano suggestiva atmosfera intorno all'arredo.

Next Black Wood combines the elegance of black with the warmth of wood.

Elegant, symmetrical vein patterns interrupted by the lights of the showcase.

The all-embracing black of the back panel is interspersed by the spotlights, which create atmospheric effects around entire bar area.

Next Black Wood allie l'élégance du noir et la chaleur du bois.

Des veines discrètes et symétriques interrompues par le jeu de lumière des vitrines.

Le noir envoûtant de l'arrière est brisé par la lumière diffuse des spots qui créent une atmosphère suggestive autour du mobilier.

Next Black Wood bringt die Eleganz von schwarzem und warmes Holz auf einen harmonischen Nenner.

Die symmetrische Maserung wird vom Lichtspiel der Vitrinen effektiv aufgelockert, und das Licht der Spots taucht den schwarzen Hintergrund in eine suggestive, beinahe geheimnisvolle Atmosphäre.

Next wall-mounted panels come in black or white as standard (*other colours on request*), while the shelf support structures are in thick stainless steel, with the glass shelves lit by LED spots.

Next Deep Black, con le sue sfumature profonde, arreda ogni locale che sia lounge bar o bar di ogni giorno, con un nuovo minimalismo giocato su luci ed ombre e su materiali opachi e lucidi. Riflessi di luce sui piani e pannelli si uniscono ai giochi di ombre sui muri.

Avec ses nuances profondes, **Next Deep Black** habille tous les espaces, lounge bar ou bar de tous les jours, avec un nouveau minimalisme qui joue sur les lumières et les ombres et sur des matériaux opaques et brillants.

Des reflets de lumière sur les plans et les panneaux s'unissent aux jeux d'ombres sur les murs.

Next Deep Black, with its dramatically deep shades, effectively furnishes any locale, both lounge bars and standard bars, with a new minimalism built on light and shade and matt and glossy materials.

Glinting reflected light from panels dialogues with the shadow zones on the walls.

Next Deep Black verleiht nicht nur der Lounge Bar sondern jedem Lokal einen neuen Minimalismus, der mit Licht und Schatten auf matten und glänzenden Materialien spielt.

Die Lichtreflexe auf den Platten und Paneelen kontrastieren harmonisch mit den Schattenspielen an den Mauern.

LOUNGE CLASS

Next Lounge Class, with its distinctive style of restrained elegance with just the right degree of severity, infuses interiors with a mood of comfort.

The luminous white of the horizontal surfaces strikes a strong but active contrast with the dark shades of the wood, giving personality to the locale.

Le pannellature dei banchi Next sono costruite con profili in alluminio verniciato a polveri epossidiche, con bancaline e frontali in laminato ad alta resistenza, mentre le “cover” sono in agglomerato con colori legno o pieni secondo tabella , con smussi su tutti e quattro i lati.

The panelling of Next counters is constructed using epoxy powder coated aluminium profiles, with counter-tops and front panels in high -strength laminate, while the covers are in composite material with wood or solid colours as illustrated in the colour chart, with bevels on all four sides.

Les panneaux des comptoirs Next sont réalisés avec des profilés en aluminium peint avec des poudres époxy, avec des plans de travail et des façades en stratifié à haute résistance, tandis que les plinthes sont en aggloméré coloris bois ou unis selon le tableau des couleurs RAL, avec des chanfreins sur les quatre côtés.

Die Paneelverkleidungen der Theken Next haben epoxidpulverlackbeschichtete Aluminiumprofile mit Thekenplatten und Fronten aus robustem Laminat, die Covers sind aus Pressspanplatten in den Holz- oder Vollfarben der Tabelle und auf allen vier Seiten abgeschrägt.

LOUNGE CLASS

Le alzate a parete possono essere realizzate anche a richiesta con misure e materiali desiderati, sia con illuminazione che senza.

On request, wall-mounted panels can be produced with the sizes and in the materials of the customer's choice, with or without lighting.

Les panneaux muraux peuvent également être réalisés sur demande avec des mesures et des matériaux différents, avec ou sans éclairage.

Die mit Borden ausgestatteten Wandpaneele sind auf Wunsch in allen verfügbaren Materialien und beliebigen Größen mit und ohne Beleuchtung erhältlich.

I moduli di **Next Bar Concept** comprendono tutta la gamma di vetrine fredde, calde, pasticceria, gelateria, pralineria e milleusi dei listini Frigomeccanica e Next.

Les modules de **Next Bar Concept** comprennent toute la gamme de vitrines froides, chaudes, pâtisseries, crèmes glacées, pralines et comptoirs multi-usages des tarifs Frigomeccanica et Next.

The **Next Bar Concept** modules include the entire range of refrigerated, heated, confectionery, ice-cream, chocolate and multi-purpose showcases in the Frigomeccanica and Next catalogues.

Die Module von **Next Bar Concept** gibt es für das komplette Frigomeccanica- und Next-Vitrinensortiment - ob gekühlt, beheizt, für Konditorei, Eissalon, Konfiserie oder in Mehrzweckausführung.

BIO WOOD

Next Bio Wood adopts the concept of total wood, environmental protection and contact with nature, with simple yet elegant architectural design.

The wood-look with strong tactile appeal and the greenery-clad walls, combined with “natural” lights, create an ambience of serenity and balance.

The wall-mounted panels (H275 cm), coloured to match the counter (*optional*), feature contrasting illuminated shelves, which simulate sunlight.

The doors of the back base units, in the same colour as the front (*on request*) bring an attractive uniformity to the design scheme.

BIO WOOD

La “cover” a rilievo, che è sul frontale basso dei moduli vetrina e banchi, è in agglomerato di legno con colori a scelta Ral o tinte di legno a tabella ed è smussata su 4 lati.

The relief-finish cover on the front of the counters is in wood composite in the Ral colour of the customer's choice or in wood shades, and has bevelled edges on all 4 sides.

La plinthe en relief, sur la façade des comptoirs, est en aggloméré de bois avec des couleurs Ral ou des finitions bois et présente des chanfreins sur les quatre côtés.

Die 3-D-Covers an den Thekenfronten sind aus Pressspanplatten in den RAL- oder Holzfarben erhältlich und auf allen vier Seiten abgeschrägt.

DARK INDUSTRY

The trendy character of **Next Dark Industry** is obvious at a glance.

This industrial style is for strongly personalised interiors, to be contaminated to individual taste with objects that express the character of their owners or clientele.

Cocktails, an event, brunch or breakfast all appear in a different light.

A bar for use in a whole new way.

NEXT
BAR CONCEPT

DARK INDUSTRY

I banchi Next sono disponibili in altezza anche di 95 cm. e con fianchi laterali continui (*optional*) per le nuove esigenze dell'utente alla ricerca di un diverso rapporto di "sharing" con il cliente del bar.

Next counters are also available with height of 95 cm. and with side extensions (*optional*) to meet the latest demand from users, in search of a new, "sharing", relationship with their bar's customers.

DARK INDUSTRY

Bello è arredare con complementi di stile da inserire a piacere personalizzando e rendendo unico il proprio locale.
Con **Next Dark Industry** oggi è possibile.

Quel bonheur de pouvoir décorer l'espace avec des éléments de style à insérer selon ses goûts en personnalisant et en rendant unique son établissement !
Cela est aujourd'hui possible avec **Next Dark Industry**.

Stylish ornaments can be used to complete the effect, for an absolutely personal, unique locale.
With **Next Dark Industry**, today you can.

Die Personalisierung mit individuellen Accessoires und Objekten macht jedes Lokal zu einem stilistischen Unikat.
Mit **Next Dark Industry** ist das heute möglich.

BIKE BAR

Next Bike Bar is the evolution of the sports enthusiasts' bar; modern in style, it is a concept bar for sharing sporting passions or enjoying refreshment after a city bike ride, or a place where a love of sport and cycling combine with that of art or film.

A place for savouring a good cup of coffee while repairing your bike or charging your smartphone, and for swapping travellers' tales.

NEXT
BAR CONCEPT

BIKE BAR

The many Next showcase versions guarantee the visibility and quality of the product on display.

The "Full refrigeration" showcase has all shelves refrigerated to 0°+6°C with a fan-assisted system, high-efficiency LED lighting on every shelf and LED lighting of the clear Plexiglas front supports.

Large glazed surfaces on all sides, spacious interior and double-glazed sliding doors with automatic return all ensure excellent performance and energy saving.

The "Full refrigeration" showcase is available in two heights, H120 and H140 cm; the front glass panel can be opened automatically with an electric servo-mechanism.

BIKE BAR

Next prevede il retrobanco con basi neutre di varie profondità, dotate di ante a battente o scorrevoli su cuscinetti a sfera, in colore acciaio inox lucido o laminato colorato *(a richiesta)*.

Le alzate possono essere di diverse altezze e dimensioni, con faretti led e supporti mensole in acciaio di forma e dimensione diversa secondo il numero dei piani in vetro desiderato.

In Next, the bar-back area comprises non-refrigerated units of various depths, with doors hinged or sliding on ball-bearing mounts, in gloss stainless steel or coloured laminate *(on request)*. Wall-mounted panels may be of different heights and sizes, with LED spotlights and steel shelf supports which vary in shape and size depending on the number of shelves required.

Next offre un arrière de comptoir avec des bases non réfrigérées de différentes profondeurs, à portes battantes ou coulissantes sur roulements à billes, dans le coloris acier inox poli ou stratifié colorié *(sur demande)*.

Les panneaux muraux peuvent être de différentes hauteurs et dimensions, avec des spots à LED et des supports d'étagères en acier, de forme et de taille différentes selon le nombre de plans souhaité.

Die Rücktheke von Next gibt es neutral in unterschiedlichen Tiefen, mit Anschlagtüren oder auf Kugeln gelagerten Schiebetüren, in der Farbe Edelstahl poliert oder farbiges Laminat *(auf Anfrage)*.

Die Aufbauten können in verschiedenen Höhen und Größen geliefert werden, mit LED-Spots und Stahlauflagen in je nach Anzahl der Etagen unterschiedlichen Formen und Abmessungen.

SPECIFICHE
TECNICHE

ALUKUADRO

Il programma d'arredo Next, è realizzato con struttura metallica **“Alukuadro”** in acciaio inox ed alluminio trattato. Comprende tutti i moduli bar e vetrine del listino Frigomeccanica. Il carattere particolare del prodotto, consente di avere una notevole possibilità di personalizzazione dei materiali e dei colori. E' possibile scegliere i materiali e le varianti presso i nostri stabilimenti produttivi confrontandosi e consigliandosi con i nostri artigiani e progettisti.

The Next furnishing programme has an **“Alukuadro”** metal structure in stainless steel and treated aluminium. It includes all the bar and display cabinet modules in the Frigomeccanica catalogue. The product's distinctive character allows a high degree of customisation in materials and colours. Customers can choose materials and variants at our productions plant, with the input and advice of our craftsmen and designers.
